

## WHAT's new in EIV 8.1.1 for PIH Users?

Function	Description
EIV Oath Page - Consent to EIV system and Security Awareness training	A new section is provided in the In the EIV oath page concerning Certification of EIV & Security Awareness Training in between the sections of 'Notice of Your Responsibility for Security' and 'Authorization for Release of Information'. EIV users will need to actively consent to the EIV system and Security Awareness training check box before accessing any EIV-PIH functions.
<b>User Certification:</b> Updated text on the Selection page	<p>Removes the following text:</p> <p>"The User Administrator certifies that the following documents are on file for each user being certified.</p> <ul style="list-style-type: none"> <li>• Access Authorization Form</li> <li>• User Agreement</li> <li>• Rules of Behavior"</li> </ul> <p>And added the following text:</p> <p><b>"Note:</b> Users are required to participate in annual Security Awareness Training and HUD-sponsored initial and updated EIV System training. Free HUD-sponsored EIV training is available online at <a href="http://www.hud.gov/webcasts/archives/ph.cfm">http://www.hud.gov/webcasts/archives/ph.cfm</a>.</p> <p><i>The User Administrator should not certify any user who has not obtained EIV System and/or Security Awareness training.</i></p> <p>The User Administrator certifies that the User Access Authorization Form &amp; Rules of Behavior are on file for each user being certified."</p> <p>This was updated to ensure that EIV User Administrators are aware of requirements that users must meet in order to continue with EIV system access.</p>
<b>PHA Access Requests</b> : Updated text in the Results screen	<p>Added a new text to ensure that field office (FO) EIV User Administrators are aware of required documents needed prior to approval of PHA's EIV access requests.</p> <p>The following text is added:</p> <p><i>"The User Administrator should <u>not</u> approve any access request for any individual who has not submitted a signed User Access Authorization &amp; Rules of Behavior form. These forms are to be maintained by the HUD office and may be subject to audit at any time."</i></p>
<b>Deceased Tenants Report-</b> Result Display: Display of an "*" (asterisk) beside the Deceased Date.	Identifying single member deceased tenants reports result page with a red asterisk (*) to the right of the deceased date field (even if deceased date is listed as 'N/A').
PHA Access requests Report - All State Selection:	Provides an 'ALL' option in the state selection drop down. That option results in statistics for all states with totals for all columns but with no further drill down. A printer-friendly version is available and the ALL-state report may be downloaded into Excel.
Household Income Report: Text Change	Implemented text change throughout Household Income Report. Replaced "Family Member" with "Household Member".

Function	Description
Failed EIV Pre-Screening Report : "Pre-Screen" with "Pre-Screening"	Implemented text change throughout Failed EIV Pre-Screen Report. Replaced Pre-Screen" with "Pre-Screening".
Report Printouts – Masking the user ID	In order to prevent theft of WASS IDs, the last 3 characters of the User ID displayed on each page of the printed reports is being masked.
